

indulge in the luxury of nature

## RIDGETOP LUXURY ECO LODGE

### "Feel on top of the world"

Perched high on the hilltop with 360 degree views, your views to the east across rolling hills down to the sea are spectacular, especially at sunrise and moonrise.

Enjoy waking up to a symphony of birdcalls and eat a leisurely gourmet breakfast whilst watching the morning sunrise over the sea from the café style windows. In the evening you can see a dazzling star display through specially designed viewing windows and relax over dinner watching the moonrise over the ocean.

The Ridgetop Luxury Eco Lodge site is totally private and is approximately one kilometre from the homestead, and the Valley Luxury Eco Lodge site. Magnificent views, abundant wildlife, complete privacy and total luxury with a minimal ecological footprint are what Ridgetop Luxury Eco Lodge offers you.

While the lodges are designed as one bedroom, up to two additional guests or children can be accommodated on a high quality fold out double sofa bed and one high quality single roll-out bed.

### Features

- Environmentally sensitive and self sufficient sustainable design
- Solar powered featuring the latest in sustainable technology
